In this brief communication, we describe a n overview of the society values that lead to the rise of Donald Trump as President of the USA again. Western civilization has become a cesspool of sin. Trump seized on the opportunity to make the changes that more than half of Americans want with a decisive victory including the popular vote and holding on to the senate and House. He also controlled the US Supreme Court. With all the levers of government, Trump is set to unleash his politics on America for the coming decades.

Western Civilization, the leaders of the world -the G7, began its decline into far-right politics with the advent of immoral Hollywood in 1903, and picked up steam in 1920 when Woman were allowed to vote independent of their husbands. Louis B Mayer, a Canadian Jew, founded Metro Golden Mayer MGM which led to Sin City in Las Vegas. WWII led to a newfound economic independence from spouse. WWII (1939-1945) accelerated women's independence thru begin ab le to work in the war effort. Adolf Hitler was democratically elected in 1933. The LGBTQ movement traces its roots to 1920.

WWII in the Pacific led to the development of nuclear Bomb's thanks to Jewish Albert Einstein's new equation $E=mc^2$ where mass is proportional to energy. The USA shared the information with Communist Russia which set up the cold war. As a counter to the possibility of nuclear annihilation, the counter cultural movement was invented. The motto was sex, drugs and rock n roll. Things worsened between men and woman with the advent of Artificial Birth Control in 1960. The nuclear family became under attack with woman's independence from men. Divorce became common until over 50% of marriages today end in divorce. In Saint john over 50% of the babies born are so out of wedlock. Marijuana becomes widely used by the Hippies in the 1960's. Harder drug became e a norm in the 1970's and the rebellion "music" which led to acid rock. Recently, in Canada marijuana became legalized. In fact, it is sold by the governments. The civil rights movement in the USA is dated to 1968. This led to the rise of racism until discrimination was turned against the white male – stronghold of western values. Many Blacks were arrest and sentenced in the ensuing decades until one in three Black American Males in in in court, prison or on parole. Open Homosexuality became more common in the 1990's. Gay parades celebrated Gay Pride. Being gay was no longer a source of shame was the idea. Same ssex marriages became legal in 2015. So, the moral decline was begun with Womaan's suffrage in 1920. By September 2020, Donald J Trump was gaining in popularity. He and his followers openly degraded woman and feminism. In fact, he is a convicted rapist. Project 2025, a conservative agenda was written. It espouses typical right of center politics: smaller government, more freedom from government, and independence. Transgender issues were the tipping point for many Americans. We have as

Donald Trump explains at his political rallies, boys playing girls sports. Teachers in school have to address a child in the choice of their gender. As a result, Donald Trump regained the office of the US President and has said it was a mistake for him to step down in 2020 when he lost the election. Americans chose far right Trump over Leftist Kamala Harris, because of her politics. 20% of American when polled said that the country was going in the work g direction. Kamala Harris's first order of business was to be to make Abortion legal everywhere in the USA. Abortionists claim that access to abortion is a Human Right. Immigration was another problem for Harris. She was the so-call border czar which was porous in the south. Half of America is prejudice against immigrants. Trump is also against the Muslims' He wants to ban them again from His country. Trump claimed to be the last chance for America. I for one, think he was right. I was born 1967 and lived through the most sinful era in History -the 1970's. The period from 1920 to 2020 will be called the Immoral Age. The Bile has been discarded by Western civilization. Trum p claims to embrace the bible – a book he likely has ever read. He is said to have Hitler's one and only book Mein Kempf (My Dream) by his nightstand. We also see the rise of the far right in Europe. Trump is running on a new generation – one that is fed up with the sin. Kamala Harris lost because she represents that sinful life. Of course, Donald Trump is convicted Felon in a situation where the left tried to silence him. "If they didn't cheer, even these stones would shout out!" Some young people think that Trump's victory is just temporary. When the older folks die off, things will go their sinful way. However, they are discounting the rise of the "Christian" in the USA. The fight of the white man has just begun. Expect tumult in the decade to come. We'' see the rise of internment camps again for the undesirables. We'll see the spread of the far right in Europe and America. Liberalism is dying off. With the election of Trump, it is dead in America. Make America Great Again. It should read "Make American White, Male, and Christian Again!" And it all began with Woman's Suffrage and the rise of sinful movies.

It was the interpretation of US Constitution that gave the legal authority for the rise of feminism, minority rights, immigration, freedom from religion, discrimination against white males, antisemitism, pluralism and religious minority rights. Gay marriage, LGBTQ rights, abortion rights, legalization of narcotics, lack of free speech. The result is a US Supreme Cout which has a 6-3 Conservative to Liberal advantage with another 2 Justices coming up for appointment by Trump. The pendulum of politics has completely swung to the far right. The road ahead will be dangerous. I expect to see things that was seen in Nazi Germany. With the antisemitism, we are beginning to see it in 2024 in Europe. Nuclear war and annihilation still loom. Will the American System be robust enough to withstand Trump and the far right?

Ready to submit your research? Choose ClinicSearch and benefit from:

- fast, convenient online submission
- rigorous peer review by experienced research in your field
- rapid publication on acceptance
- authors retain copyrights
- unique DOI for all articles
- immediate, unrestricted online access

At ClinicSearch, research is always in progress.
